Aptis Speaking: Describir fotos

In this picture I can see two girls who are using two <u>computers</u>. **In the background there are** some posters **on the <u>wall</u>** and another computer. **On the right** I can see a <u>printer</u> and a <u>sign</u> on it, so they can be in a computer lab in their school.

Both girls **look** young, about nine or ten years old and they are looking at the <u>screen</u>.

Maybe they are doing their <u>homework</u> or some <u>school project</u>.
